

# RED Grants

## Putting Mt Augustus on the Map

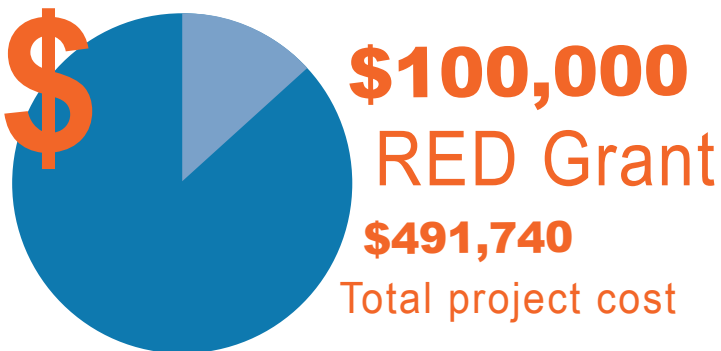

### Mt Augustus Station (1980) Pty Ltd

Completed June 2021

The project delivered a new tourist park hub, housing a tavern and restaurant, reception area and retail space, as well as a commercial kitchen and information display area.

The tourist park provides food and beverage services to visitors, adding value to the local economy while also promoting local and regional products.

The new facilities are able to support large events, including the Gascoyne Food Festival.

*"The RED grant has enabled the business to expand. This has been a winner for us, giving visitors more options at Mt Augustus and creating local jobs"*

### Commission's role

Regional Development Officer Colby Elliott was on hand to provide support with contract management. The project was successfully completed in 2021.

**6** new jobs created 

**30+** meals served per night  
(April - October)

**80%** increase in accommodation bookings
